Through research, further development, and substantial know-how, our division is growing continuously with and for our customers.

The key facts.

The TWE Group leads with innovations such as the 'Slimcore' ADL (Acquisition Distribution Layer), a cutting-edge three-layer framework. This technology enables the production of slimmer, more efficient diapers, reducing costs and enhancing competitiveness. Our foremost position in ADL solutions stems from extensive experience and ongoing research, reflecting our commitment to tailored solutions for our clientele
